- 2.5kWh-20kWh Battery Storage
- 5 or 10-Year Warranty
- Solar Panel Array from 2kW to Suit Application.
- Advanced Load System Analytics
- Wi-Fi & LoRaWAN
- 10 Year Warranty & 25 Year Limited Power Warranty
- Auto Start Backup Generator (optional)
- Lifetime Workmanship Warranty

## Options

- 12-hour/24-hour power availability
- Stainless Steel/Powder Coated Cabinet
- Australia Made/China Made Cabinet

## Case Study

**Challenge:** A Goldfields is currently running a 22kVA diesel genset in order to power a 900Whr bore pump which is consuming approx. 18,000 L per annum in diesel.

**Solution:** Install a B-Class Power Box with diesel genset backup.

**Result:** Reduction in diesel consumption by over 95%

**Benefit:** The client will be able to save up to \$45,000

## Applications

- Portable Pumping Station
- Small Office Block
- Shearing Sheds
- Ablution Blocks
- Houses
- Communications Tower
- Irrigation Systems
- Bore Pumps
- Crib Rooms
- Lighting.

## Extra Info

- Completely pre-wired product
- Plug n Play
- Little to no maintenance required
