

A-Class Power Box

Excellence in Stand-Alone Power Systems

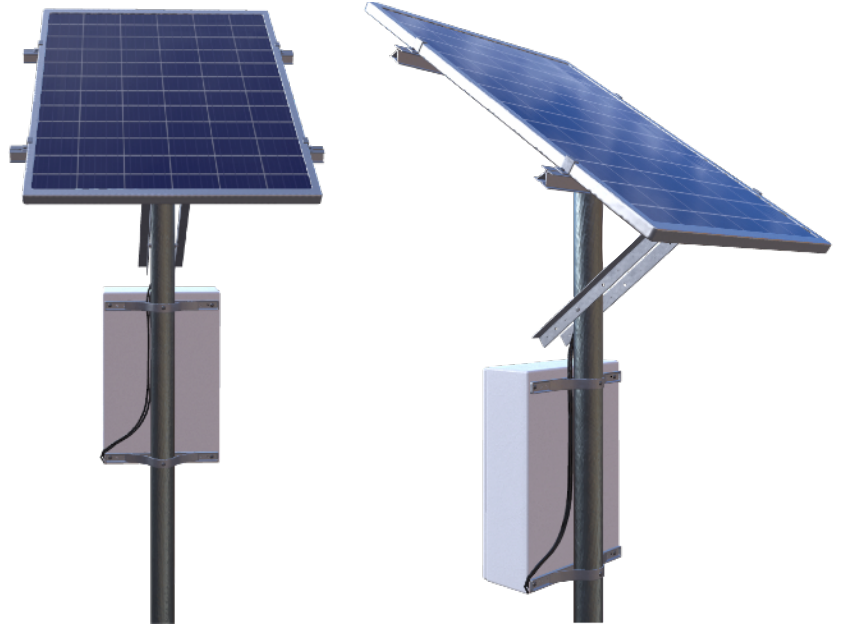

Small Load Power
Where You Need it

Introducing the A-Class Power Box: an inexpensive, reliable, and sustainable remote power solution.

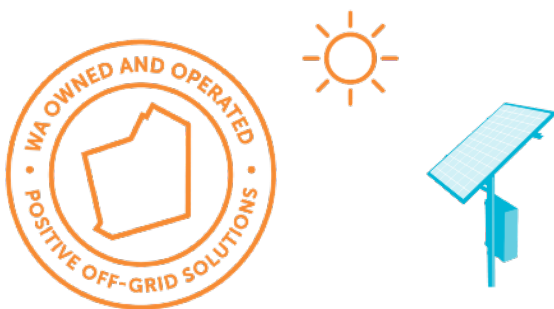

This compact power box is designed to effortlessly run light loads of up to 1kW without the constant maintenance and refuelling challenges of traditional fuel-generated options.

This field-tested small-scale system proves to be a reliable and efficient solution for light power uses.

Key Applications

- Agriculture
- Remote communications
- Remote monitoring
- Small scale pumps

Specifications

Power Output	0.2-1kW
Battery Storage	1.2-2.4kWh
MPPT Solar Input	220-440W
Solar Array	270-415W
Remote Monitoring	Optional, via App and Web
IP Rating	54
Voltage	230VAC
Electrical Phase	Single
Warranty	5-Years for electrical/inverter 10-Years for batteries 25-Years on solar panels.
