

U-Class Power Box

Excellence in Stand-Alone Power Systems

Utility Grade
Stand-Alone Power System

Introducing the U-Class Stand-Alone Power System, a utility grade solution in power technology.

Specially designed for robust commercial applications, this rapidly deployable power system is as versatile as it is powerful, offering single, split, or three phase power options with an optional diesel backup generator.

With scalability to support up to 90kVA load and 200kWh battery capacity, along with adaptable remote monitoring, the U-Class ensures unwavering power provision in any environment.

Key Applications

- Commercial use (Mining & Industrial)
- Remote workshops & homes
- Remote office & ablution rooms
- Agriculture
- Defence & Military

Key Options

- Mine site (Fire extinguisher, high visibility flag & safety strips)
- Military specifications & Fire suppression
- Single, split or three phase electrical configuration

Specifications

Power Output	Up to 90kVA (Optional extra)
Battery Storage	Up to 200kWh
Solar Array	Up to 90kWp (Optional extra)
Remote Monitoring	Yes, via App and Web
IP Rating	54
Voltage	230VAC
Electrical Phase	Single, Split or Three
Warranty	5-Years for electrical/inverter 10-Years for batteries 25-Years on solar panels.
