

C-Class Power Box

Excellence in Stand-Alone Power Systems

Commercial grade, modular,
containerised Power Box

Introducing the C-Class Power Box: a versatile, commercial-grade, containerised energy storage solution designed for rapid deployment.

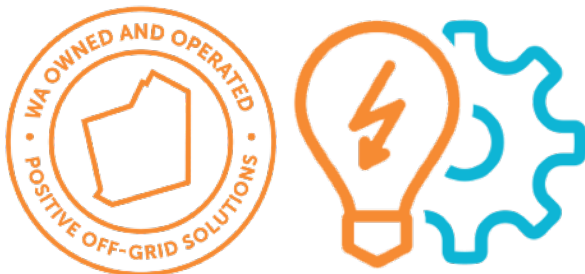

With load capability ranging from 15kVA to 90kVA and a battery storage capacity of 30kWh to 180kWh, it provides reliable power for commercial and agricultural applications.

The C-Class Power Box offers a range of high-level features, including Advanced Load System Analytics and the option for an additional diesel generator.

Key Applications

- Agriculture & Bore pumps
- Remote homes & Workshops
- Telecommunications & Repeater stations
- Offices & Ablution blocks
- Commercial use (Mining & Industrial)

Specifications

Power Output	15-90kVA
Battery Storage	15-180kWh
Solar Array	5-90kWp (Ground Mount, carport or fold out array, see website for more details)
Remote Monitoring	Yes, via App and Web
IP Rating	54
Voltage	230VAC
Electrical Phase	Single
Warranty	5-Years for electrical/inverter 10-Years for batteries 25-Years on solar panels.
