

M-Class Power Box

Excellence in Stand-Alone Power Systems

Trailer Mounted Stand-Alone Power System

The rapid deploy solar array comes mounted on a heavy duty trailer that has been engineered to survive the harshest conditions while being versatile for the clients needs.

The M-Class Stand-Alone Power System has been created for use on mine sites, disaster response, agricultural intelligence, geo camps and much more.

The solution incorporates up to 30kWh battery and 3kWp solar system, offering enduring performance to satisfy any client.

Key Applications

- Agriculture
- Telecommunications
- Commercial use (Mining & Industrial)
- Disaster Response
- Surveillance

Key Options

- Fleet Management (GPS Monitoring, Geofencing, System analytics+)
- Mine site (Fire extinguisher, wheel chocks & nut indicators+)
- Military specifications & Fire suppression
- 6-15m Pneumatic mast

Specifications

Power Output	Up to 10kVA
Battery Storage	Up to 30kWh
Solar Array	3kWp
Remote Monitoring	Yes, via App and Web
IP Rating	54
Voltage	230VAC & 12,24,48VDC
Electrical Phase	Single
Warranty	5-Years for electrical/inverter 10-Years for batteries 25-Years on solar panels.
